King Edward's health was authoritatively declared to be good at Windsor castle Sunday, and Sunday morning his majesty attended divine services accompanied by other members of the royal family. Sunday evening he enjoyed a drive through the royal carriage.

At the command of the king many thousands of persons were admitted to the east terrace of Windsor castle Sunday afternoon for the Sunday band performance. The terrace was crowded. The king and the queen listened to the music from the windows of their private apartments. King Edward's Gen. Berti. appearance does not justify the sensational rumors of his illness. The congested condition of the streets of London throughout Sunday furnished an omen of the conditions of travel through these streets the latter days of this week. The barriers across the streets which intersect those through which the coronation procession will pass, and which have now been completed, are proving an impediment to ordinary traffic.

Count Von Waldersee, one of the German representatives to the coronation; the duke and duchess of Aosta, from Italy, and many other distinguished representatives of foreign royal personages arrived at London Sunday.

Count Von Waldersee and the German officers with him were entertained at dinner Sunday night by Field Marshal Lord Roberts. In toasting King Edward and the British army Count Von Waldersee paid a high compliment to Earl Roberts.

Replying to the German officer's remarks Earl Roberts complimented Count Von Waldersee upon his services in China and warmly thanked him in behalf of the British army for his allusions to its work in South Africa. Earl Roberts concluded by calling for a toast to Emperor William and the German army.

RIOTS IN TORONTO.

A Fight in Which One Man Was Killed | Efforts to Run Cars With New Men Caused Acts of Violence.

> Toronto, Ont., June 23 .- The first attempt made by the Toronto street railway to run their cars with men hired to take the places of the striking motormen and conductors was met with violence. Only one effort was made to reopen the traffic, and the temper shown by the strikers and to be seen anywhere. My very newest with old man Gotrox. their sympathizers convinced the offi- party dress has been worn three times cials that it would be impossible to already. run cars without strong protection. It was therefore decided to appeal to the authorities for troops and to suspend operations until their arrival Monday morning.

Stones, sticks, eggs and stale vegetables were the weapons used by the strike sympathizers to prevent the railway company from giving a service. Several of the imported men were roughly handled by the mob, and Motorman Johnson, an old employe of the company, came near los- ing on my left. I now found myself ing his life.

The worst riots occurred at the Yorkville barns. Very few arrests don Punch were made.

Sunday morning cars were started simultaneously from the barns at Kings street west, Queen street west, Yorkville, Dundas and Yonge streets. A crowd had gathered about the entrances of the barns awaiting developments. The appearance of a car at the Yonge street barn was the signal for hooting and yelling by the crowd. The car was run out to the main track and the conductor gave the motorman the signal to go ahead. The crowd called upon the crew to desert the car. Their refusal to do so was followed by a shower of stones and bricks. Every window in the car was smashed and the crew left their posts and ran into the barn.

An attempt was made to run a car from the Yorkville barns around the belt line. A big stone thrown against the window dashed the glass into Motorman Johnson's face, badly lacerating it. He was struck by a number of stones and was otherwise maltreated. Johnson persevered, however, and made the circuit of the line.

The attempt to run out five cars at the King street east barns at 8 o'clock was attended by scenes of the greatest disorder and violence, several persons being injured by flying missiles, including W. H. Moore, private secretary to Mr. Mackenzie, president of the road, who was severely injured in the face by a brick. Three arrests were made. All five cars were badly shattered in less than five minutes after they made their appearance. Motorman Quigley was struck on the head by a stone and badly injured.

Meantime the civil authorities were communicated with, and it was decided to call out the militia. Seven hunof the governor general's bodyguard, drum.-Tit-Bits. 200 mounted rifles and 200 men of the 1st and 2d dragoons left Niagara with their horses in three special trains at 10 o'clock Sunday night, and will arrive at daylight. In addition 300 of the Queen's own, 300 grenadiers and 200 highlanders have been ordered to parade at the armories. Several hundred extra policemen were also sworn in Sunday night.

SYMPATHETIC STRIKE.

Silk Workers in the Hudson County, New Jersey, Mills Are Out.

New York, June 23 .- Twelve hundred silk workers employed in the Hudson county (N. J.) mills met Sunday night at West Hoboken and decided not to go to work Monday morning. These workers represented about five per cent. of all the employes in the mills of that section. The move is made to express sympathy with the Paterson mill workers who are out. Those at the meeting declared no violence would be attempted, but as soon as the police board heard of the action taken they made preparation to protect all workers who want to go to the mills.

Mayor Groth, of Union Hill, N. J., swore in 300 special policemen Sunday as a precautionary measure against any trouble that may arise in his town Monday. The same step was taken by the authorities of North Bergen. All these places are contiguous to Paterson.

Maj. Gen. Wheaton Arrives. San Francisco, June 23 .- Maj. Gen.
